Sep 2025	68.7%	5	3
Oct 2025	68.7%	1	0

Note 1. Share of pool balance attributable to enrolled equipment, by category, at period end. Ventilators report status only and are never placed in service hold.

Note 2. Service hold applies only when an account is more than 90 days past due, no payment plan has been agreed and the hospital has been told in writing, in advance. Monitoring equipment in use at the bedside is not placed in service hold.

Note 3. Verification holds are placed and released by the Continuity Operations Center to confirm that a category of equipment responds to hold and release commands before service hold is enabled for it. They are not related to any account's payment status and are excluded from asset-days and from the triggers.

If an enrollment event or a service network event occurs, the overcollateralization target steps up to 9.50% of the current pool until the event is cured for three consecutive periods.

9 Notes to the report and servicer's certificate

Pool balance is the aggregate discounted present value of the remaining scheduled payments (for Utilization Pricing agreements, the remaining minimum commitments) on the contracts in the pool, discounted at the discount rate, excluding defaulted contracts.

Delinquency is measured on the contractual status of each contract at the end of the collection period. Contracts on an approved payment plan or deferral are reported by their modified schedule.

Available funds are collections on the contracts in the collection period, investment earnings on the collection account, any repurchase amounts and any withdrawal from the reserve account. Investment earnings on the reserve account are released to the Depositor.

Enrolled equipment is equipment listed as enrolled in Continuity Assurance in the equipment schedule of a contract in the pool. Asset counts are counts of individually serialized assets.

The next payment date is the 15th of the following month, or the next business day. Questions about this report: Investor Reporting, investor.reporting@wardmorehealth.com.
